

## A HOME SECURITY CHECKLIST FOR VACATIONERS

Summer is the season for bathing suits and beaches, but sunny weather also brings out burglars. Since it's such a popular vacation season, burglars are constantly sniffing around for empty homes; it's harder to get caught when homeowners are miles away. As you're making your vacation to-do lists, add this home security checklist to your calendar to ensure you come back to your home just the way you left it.
